

Ruberic for FFVP Selection Process Scoring

Criteria	Points Possible	0 points	1 point	2 points	3 points	4 points
Prep Plan	2	No plan for logistics of serving FFVP items, or the school plans on serving them during NSLP meal times.	The plan for how and where to serve FFVP items is unfeasible, impractical, or unclearly defined.	Acceptable serving time is planned, and the plan for how and where to serve is clearly defined and feasible.		
Team Nutrition School	1	Not a Team Nutrition School.	Is a Team Nutrition School.			
Gold Medal School	1	Not a Gold Medal School.	Is a Gold Medal School.			
Title I School	1	Not a Title I School.	Is a Title I School.			
Implementation Plan	4	No Implementation Plan.	Implementation Plan is vague and lacks depth. Commitment to plan is questionable. Does not clearly address any of 3 target areas (health and nutrition, overweight and obesity, or physical activity).	Plan addresses 1 out of 3 target areas (health and nutrition, overweight and obesity, or physical activity), or only 1 target area appears well-planned and feasible.	Plan integrates 2 out of 3 target areas (health and nutrition, overweight and obesity, or physical activity). Plans for at least 2 integrated target areas are well-planned and feasible.	Strong plan for integration of FFVP with other efforts to promote sound health and nutrition, reduce overweight and obesity and promote physical activity. Plan is feasible, well-thought-out and shows signs of prior planning and commitment on behalf of all involved parties.
Partnerships	3	No partnerships planned.	Partnership activities described do not meet objectives of implementation plan or FFVP or are not clearly defined. Partnerships do not represent sources of additional non-federal resources to the FFVP.	Partnerships exist and their benefit to the Program is clearly defined, but they are limited in scope (i.e. do not involve the school's community or do not represent sources of additional non-federal resources to the FFVP).	Types of partnerships are varied and comprehensive. Partnerships span other areas/activities within the school and extend out to the school's community. Partnerships represent sources of additional non-federal resources to the FFVP.
